Lacehacker

Saturday March 17 9 am-12 pm

Advanced Beginner to Advanced

Romi teaches you her favorite lace tips and tricks in this hands-on class. Learn about materials for lace knitting, the best cast-ons and bind-offs, tricks for keeping edges loose when switching colors, managing charts, avoiding errors, using markers, managing beads, and many other tips to make your lace life easier. If you have a tip you want to share or a question: bring it on! The more the merrier.

Materials: Fingering-weight to aran-weight yarn (tip: bring light-colored yarn that doesn't split). You should have a range of needle sizes to try that are appropriate for the yarn, making sure to bring needles in larger sizes than yarn ball band states. Smooth cotton waste yarn (fingering or sport weight) and a crochet hook in a size appropriate for the waste yarn.

Materials: *US size 4 knitting needles, two colors of fingering weight yarn - 130 yards apiece*

By registering, you agree that photographs or video footage taken during the conference, including pictures of you or your work, may be used by the Salt Lake Knitting Guild for publicity purposes.
